

Roster / Despatch

System Fixes

Ticket #	Comment
	<p>Missing Colours in Despatch and Roster</p> <p>An issue was introduced where some colours are displaying as grey, where they were standard colours previously. This issue has been resolved.</p>
	<p>Error When Setting Timesheets from Despatch</p> <p>An error could occur when setting Timesheets from Despatch. This has been resolved.</p>
	<p>Shift Sheet Allocation Place Field</p> <p>When manually creating Shifts the Allocation Place field would not recognise changes to values once an initial value had been entered. This has been resolved.</p>

Charter

System Fixes

Ticket #	Comment
	<p>GPF Errors When Creating Charters</p> <p>A General Protection Fault error would occasionally occur for Users when creating Charter bookings. This has been resolved.</p>
