

## Roster / Despatch

### System Fixes

Ticket #	Comment
TAP-70292	<p><b>Regenerating Timesheets caused Charter Allocation to drop drivers</b></p> <p>Allow users to regenerate timesheets without losing driver information on Charter Allocations form.</p>
No TAP	<p><b>Shift Sheet became blank after midnight</b></p> <p>Show all shift sheet information regardless of depart time or arrive time</p>
TAP-76316 / TAP-76476	<p><b>Calculate hours worked in Timesheets without saving</b></p> <p>A new issue was previously introduced which required the timesheets to save to calculate the hours worked</p>
TAP-78151	<p><b>Clicking Set Timesheets button no longer displays support links</b></p> <p>The Set Timesheets button will no longer display the support or help link</p>
TAP-73621	<p><b>Workshop tab unusable when multiple business units selected</b></p> <p>Allow display of selected linked depot from business unit when multiple business units are selected</p>
No TAP	<p><b>Resolve error when roster exists with multiple duty lines</b></p> <p>An error was occurring when setting a roster that had one employee performing multiple duties</p>

### Enhancements

Ticket #	Comment
No TAP	<p><b>Address Incorrect Fatigue Breaches</b></p> <p>Several instances of false fatigue breaches have been resolved</p>
No TAP	<p><b>Convert Employee Leave Report to Jasper format</b></p> <p>Removed older style Employee Leave report, and added as Jasper format</p>

## Charter

## System Fixes

Ticket #	Comment
No TAP	<p><b>Remove Duplicate Invoice Display</b></p> <p>Removal of Group name from Print Charter Invoices to ensure no duplication of invoices are displayed</p>
No TAP	<p><b>Fix Walkback on Charter View sort</b></p> <p>When Charter Calendar View table with a child trip line open, clicking on a column heading to sort the table by that column would trigger a walkback</p>
TAP-74444	<p><b>Prevent duplicate journals when posting charter</b></p> <p>Addition of locks on records to ensure that only unposted transactions are collected if multiple people trying to post</p>
TAP-70594	<p><b>Resolve error on changing Charter Control Information</b></p> <p>In some instances there are errors when saving Charter Control</p>
TAP-75430	<p><b>Charter Allocation Walkback</b></p> <p>Resolved intermittent walkback in Charter 1 allocation form</p>
TAP-56130	<p><b>Allow Holiday setting on Multiple Depots</b></p> <p>Allow Public and School holidays to be set for all selected depots at same time</p>
TAP-64777	<p><b>Improved Search in Charter Calendar</b></p> <p>Contact name will return more accurate results when being used to search</p>
TAP-75760	<p><b>Charter Allocation Auto Save</b></p> <p>Noted during 3.2 -&gt; 3.6 upgrades that the Charter Allocation Auto Save function had been removed. Reinstated Auto Save</p>
TAP-70273	<p><b>Remove 0 value when entering Odometers</b></p> <p>Using Charter Allocations and selecting Odometer fields a 0 would populate by default. The 0 character will no longer populate when clicking into odometer fields</p>
Multiple	<p><b>Fix Charter Foreign Key error</b></p> <p>In certain instances when creating a charter, the user would receive a Foreign Key Constraint error. This fix removes the error and the need to re-create the charter.</p>
TAP-68422	<p><b>Ensure all Recurring Charters created</b></p> <p>Fixed an intermittent issue whereby the first in a series of recurring charters would fail to generate</p>

## Enhancements

Ticket #	Comment
TAP-58487	<b>Reduce allowed time between depart and arrive</b> The allowed time between depart and arrive times was previously set to 10 minutes. The new minimum time between points is 2 minutes.
TAP-61850	<b>Charter Calendar – Quote date display</b> The display of quoted charters now displays as the date it was quoted, not the date of the quoted booking
TAP-68934	<b>Charter Debtor Selection</b> A new feature to restrict the debtors available for selection to only the debtors in the legal entity where the booking is made
