

# TIMS

## Patch Notes

### TIMS 25.3.10

#### Tweaks and Fixes

##### Charter

- Charter line subtotals & GST values did not recalculate/zeroise if the line amount was deleted

##### Day of Operations

- Pending flag wasn't appearing in the Yard Plan when dropped from yard to despatch (should be almost immediate)

##### Driver Terminal

- Charters assign for Today not displaying in "Todays' Shift"

##### Inventory

- Fixed an issue with incorrect Warehouse and Legal Entity being applied when using Suggested Re-Orders.

##### Roster

- Shift Book form no longer had Minimise/Maximise Buttons
