

## Fleet Manager

### System Fixes

Ticket #	Comment
TAP - 79750	<p><b>Subcontractors in Workshop Calendar</b></p> <p>The list of subcontractors found in the bottom of the Workshop Calendar can now be seen if selected at the top of the Workshop Calendar. Previously the top of Workshop Calendar looked at the Type in Creditors Master, the bottom displayed the tick box – Subcontractor in the Creditor Master.</p>

TAP-	<p><b>TIMS Tablet – Check List</b></p> <p>If a Service Template is set in TIMS this can now display on the tablet</p>

## Purchase Orders

### System Fixes

Ticket #	Comment
TAP-80349	<p><b>Purchase Order Delivery Address not Displaying</b></p> <p>Purchase Orders generated through Suggested Reorder is now displaying the delivery address if a delivery address is set up in Creditors</p>
TAP-81463	<p><b>Post Receiving List on Multispares Consignment Invoices GST Displaying incorrectly</b></p> <p>Automatic consignment items that had an item with a multiple quantity would display as a single GST amount on the line. The total and what processed through to Creditors and the GST GL was correct. This was a display issue on the Post Receiving List report.</p>
